THEME: Planning Ahead
**“In These Ever Changing Times...
Let’s Plan & Grow”**

In 2019 the MO Conference UMMen enlisted the help of all men in a Men’s Ministry survey.

Our response rate back was about 65%, we want to take those results and develop some local, district and statewide programs/activities to allow more men to experience the fellowship and spiritual growth thru men’s ministries.

As COVID 19 changed so many things for our local and district units and in accordance with CDC and UMC guidance, we will be holding a one-day retreat this year. We didn’t want the year to pass and not have an opportunity for men’s fellowship.

Come help us plan the next 3 years of programs and activities of the MO Conference UMMen. We’d like to have a large statewide event like was held about 10 years ago in St. Louis. As more opportunities open to gather and socialize, we want to be ready for exciting programs.

The Board of the MO Conference UMMen is committed to offering programs and resources that help men’s units grow in spirit and numbers of participants.
